## The Twelfth Annual Hygiene Extravaganza “You Could Not Ask For More”

### Keynote: Suzie Humphreys “I Can Do That!”

**Course Overview:** Suzie has a way with laughter, poignant stories and jump-start inspiration, of confirming that fear does not have to be the motivating force that stops us from living life to its fullest. We are left regretting that it was not life that passed us by, but rather our decision to **LIVE IT!** This is about saying “yes” instead of “no”...about not telling ourselves “we can’t,” “it’s too hard....”

#### Learning Objectives:

- Learn how to motivate yourself to be “positive” and laugh at yourself
- Learn how to overcome “job burnout”
- Identify a problem and learn how to readjust your thinking
- Learn how “difficult relationships” are great teachers for behavioral change

*Suzie Humphreys’ background is as varied as her audiences...from administrative secretary to television talk show host, to 20 years in radio. She has made hundreds of commercials, done musical comedy and motion pictures. She has been fired, broke, disappointed and lived her life with a passion for learning not only how to be better, but to see things differently. Suzie has received the Council of Peers award of excellence and has been inducted into The Speaker Hall of Fame and The Texas Radio Hall of Fame.*

### Drs. Cuozzo, Di Cesare, Frattellone, Sallustio “From Cradle to Grave”

**Course Overview:** As we go through various stages of life, we have ever changing dental needs and timing is often critical to achieve proper dental health and to minimize risk. This dental journey will be discussed from an interdisciplinary perspective of an Orthodontist, Periodontist, Oral Surgeon and Prosthodontist. Early orthodontic intervention, habits, third molars, trauma, periodontal risk assessment and the emerging issues of the geriatric patient will be covered.

#### Learning Objectives:

- Understand eruption sequence of teeth and timing of orthodontic treatment
- Understand how to treat a traumatic injury to the dentition
- Understand issues of third molars, the relationship to pathology & periodontal disease
- Identify periodontal risk and its relationship to development
- Learn to treat dry mouth and dental caries
- Understand hygiene issues around veneers and crown & bridge

*Dr. Anthony M. Di Cesare currently maintains a private periodontal practice in Red Bank and Manasquan, NJ. He is director and periodontal advisor of the Jersey Coast Dental Forum and has been providing quality continuing education to central New Jersey for over 18 years. Dr. Patrick Cuozzo maintains a private orthodontic practice in Lincroft and Sea Girt, NJ, and is a clinical instructor in orthodontics at University of Pennsylvania Dental School. Dr. John Frattellone is an Oral and Maxillofacial Surgeon who practices in Lincroft, NJ. Dr. Anthony Sallustio, a prosthodontist, currently maintains practices in Oakhurst and Bayonne, NJ.*
